CHICAGO DISTRICT**

Kelly J. Granberg, Ph.D.
Environmental Engineer, Design Branch

Dr. Kelly J. Granberg serves as Environmental Engineer in the Chicago District's Design Branch providing technical expertise to a wide range of civil works projects. She provides environmental analysis and compliance support for invasive species management, navigational dredging, and management of dredged sediment in Lake Michigan and the Chicago Area Waterway System. Previously, Dr. Granberg served as Filtration Engineer for the City of Chicago and Site Development Engineer for Lake County, Illinois.

Dr. Granberg received her Bachelor of Science in Biological Systems Engineering from University of Wisconsin – Madison and a Doctorate of Philosophy in Environmental Engineering from the University of Illinois at Chicago.
